### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 42, line 1, "The sum of its parts and function of;" has been deleted. In line 2, "a" has been changed to --A--.

In claim 46, line 5, "in claim 42" has been deleted.

In claim 46, line 10, --to-- has been inserted following "relative".

In claim 52, line 1, "The sum of its parts and function of;" has been deleted. In line 2, "a" has been changed to --A--.

In claim 52, following line 37, the three lines of application data have been deleted.

In the following occurrences, each semicolon ";" has been changed to a colon --:--:

Claim 42, line 4.

Claim 43, line 3.

Claim 44, line 4.

Claim 45, line 4.

Claim 47, line 3.

Claim 48, line 4.

Claim 49, line 3.

Claim 50, line 4.

Art Unit: 3746

Claim 51, line 4.

Claim 52, lines 4 and 6.

Claim 53, line 3.

Claim 56, line 3.

Claim 57, line 3.

Claim 58, line 3.

Claim 60, line 3.

Claim 61, line 4.

Claim 62, line 3.

These changes are made to improve the form of the claims.

The following is an examiner's statement of reasons for allowance:

The claims are deemed allowable because the prior art does not teach or reasonably suggest a rotating piston positive displacement device having an accumulator area formed downstream of a valve starting at the downstream side of the intake port and ending at an initial seal point, the initial seal point formed at a point that the piston seals with the smooth inner surface of the hollow cylinder at the downstream end of the accumulator area and of the intake port.

The model submitted by applicant has been examined and it satisfies the questions raised in the prior Office action. The rejections under 35 USC 101 and 35 USC 112 (first paragraph) have therefore been rendered moot.

Art Unit: 3746

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
